

Terms & Conditions for Firearms Finishes

Deposit

7.62 Precision requires a deposit of 50% of our quoted price upon receipt of your firearm or item for finish. This deposit may be waived for local customers if we have all required colors and templates in stock.

If the customer decides to cancel the finishing before any work is done, the deposit will be returned less the cost of any supplies that were purchased for the job and shipping costs. If work has been performed, the customer will be charged for the work that has been done.

Shipping of Firearms

All firearms must be shipped to a federally licensed firearms dealer. We must have a signed copy of a current FFL prior to shipping. Firearms will be shipped only to the address printed on the FFL. Adult signature will be required for delivery. All packages are insured and delivery is confirmed.

According to federal law, firearms can be shipped directly to 7.62 Precision by the owner for work or repair. 7.62 Precision can return the firearm **only to the owner at the same address it was shipped from**. If we are required to ship a firearm to a different person or different address than we received the firearm from, we will ship to a licensed dealer who will then transfer the firearm to the owner. Non-licensed individuals may ship a firearm only to the manufacturer or a gunsmith for work or repair.

7.62 Precision will not ship any firearm or other item to any location where ownership or sale or transfer of that firearm is restricted by law.

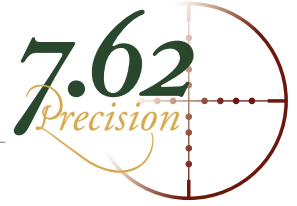

7.62 Precision is not responsible for loss or damage that may occur during shipping.
